

The Proposed California Stormwater Authority as a new California Joint Powers Authority

Board Meeting Agenda Item #5

April 3, 2018

Annalisa Kihara, PE
Chief, Storm Water Planning Unit
Division of Water Quality

Presentation Outline

- 1. Background**
- 2. Stormwater Authority Description**
- 3. Common Questions & Answers**

Strategy to Optimize Resource Management of Stormwater (STORMS)

Core Implementation Committee

External coordinating and advisory body that provides a forum for information exchange, consideration of project challenges and improvements, and development of collective **feedback and recommendations to Water Board Staff and Management**

- Conducts quarterly meetings
- Champions project
- Facilitates Sub-Committee Meetings
- Provides resource support

CALIFORNIA
COASTKEEPER.
ALLIANCE

Description: Joint powers agreement between the State Water Board, the Fresno Metropolitan Flood Control District, and the Alameda County Flood Control and Water Conservation District.

Purpose: To assist with the sharing of resources to benefit regional and statewide stormwater management programs.

Functions:

- Provide research for the development of source and treatment controls for permittees compliance.
- Provide technical guidance documents and programs
- Improve public access to funding, tools, and education & outreach information

Common Questions and Answers

1. Why have only two local agencies committed to be signatories?

It only takes two agencies to form a Joint Powers Authority.

2. How would other agencies join the Stormwater Authority?

Any public agency may join upon authorization by its governing body, amendment of the Agreement by each signatory, and execution of the Agreement.

3. How will Stormwater Authority projects be identified and funded?

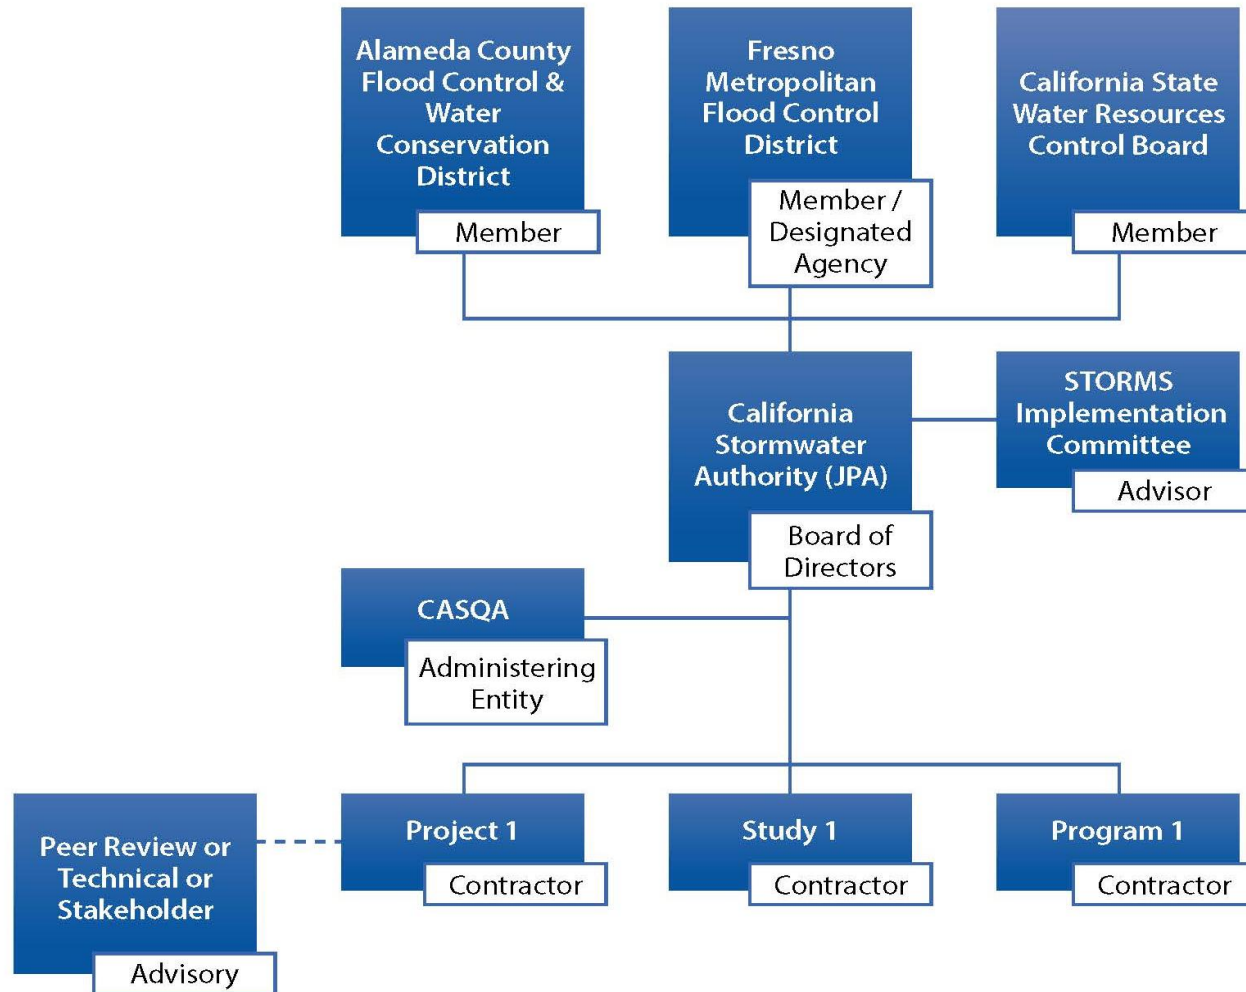

Projects will be identified and funded through Stormwater Authority agencies as a way to combine resources.

4. How can “non-public agencies” provide input on the projects and programs supported through the Stormwater Authority?

STORMS Core Implementation Committee Members

Project, study, or program level advisory groups
